WIMBLEDON HIGH SCHOOL

Encouraging students to flourish and thrive

Welcome

Music is at the heart of Wimbledon High School and is an integral part of each school day.

Whether through performances in assembly, taking part in the many concerts that fill our calendar, or participating in our weekly Friday Jammin' sessions, we provide students with a wide range of opportunities to explore their creativity and imagination.

There is a strong and flourishing choral tradition at WHS. Our Senior and Junior auditioned Chamber Choir perform regularly and they are complemented by two un-auditioned choirs—Canto and A Cappella—which together involve over 160 students. The Chamber Choir tours abroad every two years and features in all of our most significant musical events, including the annual Carol Service. This service has previously included commissions by Will Todd, as well as winning compositions from our own Carol Competition.

Our Concerto Competition takes place each Summer term, offering students the opportunity to perform a concerto alongside our top chamber orchestra and professional musicians at the flagship Spring Concert. Instrumental provision is equally vibrant, with orchestras tackling ambitious repertoire such as Saint-Saëns' Organ Symphony, Gershwin's Rhapsody in Blue and Marquez's Conga del Fuego. We also have a phenomenal Big Band.

Students thrive in a busy yet supportive musical environment that continues to go from strength to strength.

Music at WHS

Individual Lessons

In addition to curricular music lessons, the school offers individual instrumental/singing lessons for students in Y2-Y13. Lessons take place throughout the school day on a rotational basis and are provided by our Visiting Music Teachers. Over 400 lessons take place every week.

Fixed lessons outside of the academic timetable are offered to students in Y11-13.

Please contact our Music Administrator, Sue Brownrigg (sue.brownrigg@wim.gdst.net) for further information.

Ensembles and concert opportunities

We offer a high quality and wide-ranging programme of co-curricular opportunities.

With over 25 rehearsals each week, there is an ensemble for everyone. It is expected that all students taking lessons in singing or an instrument will join one of the school choirs, orchestras or chamber groups and take part in the many formal and informal concerts throughout the year.

Music at WHS

There are regular opportunities for our musicians to perform at a professional level including our annual feature concert in London where the WHS Concert Orchestra, Big Band, Sinfonia and our choirs perform complex and rewarding music.

Exams

The school organises Associated Board examinations in the second half of each term.

We offer Trinity Exams alongside ABRSM exams when there is sufficient demand. Students who learn instruments privately outside of school are welcome to take their exams in school.

Please contact our Music Administrator, Sue Brownrigg (sue.brownrigg@wim.gdst.net) for further information.

Scholarships

Music scholarships are available for children entering the school at 11+ and 16+. Further information is available on the Admissions section of our website.

Music at WHS

The following information is designed to help give you a sense of what is going on musically at WHS. We have a vast array of ensembles rehearsing weekly at WHS, ranging in size, style, and difficulty level.

We would encourage students to sign up to the musical groups that suit them and remember that these decisions are not for the entire year! Each term there is an opportunity to sign up for new groups that are not auditioned.

Please also note that certain groups are auditioned for, and these auditions will take place in the first few weeks of the academic year and the last few weeks of the summer term.

For instruments where multiple auditioned groups are on offer to a particular instrument, one audition will be held, and the appropriate groups then offered and assigned to each student. Once selected, most of these groups will remain the same for the entire year, though there may be some small changes in the summer term with exam leave, and if the project leads to other instruments being needed in the group.

A great place to start your conducting career!

String Quartets and Trios / Auditioned

Timings dependant on group

We group students of the same ability together, to allow them to explore how to play in a smaller chamber music group without a conductor, and they all pick up a huge number of musicianship skills whilst having fun. The groups are auditioned at the beginning of each academic year and comprise of our finest chamber musicians.

Piano playing

We want to help students develop their piano and accompanying skills as much as possible and as such, have the following positions available for student accompanists/pianists.
